CLASSES/COSTUMES/PERFORMANCES

- **CLASSES:** When you register and pay the fees, you are paying for dance class only.

This does not include the following:

1. Extra class
 2. Performances/recital
 3. Costumes/accessories
 4. Fees associated with event
- **COSTUMES:** All costumes are specially ordered from India for our students. (Costumes are not tailored for everyone, they are made in general, adjustments will have to be made per instructions given by teacher).
 - When our students perform at any event, along with their performance their costumes also give a statement.
 - Costumes are given with a costume maintenance fee, and anyone not respecting and giving the proper care to the costume will be charged extra accordingly.
 - If the charges for the damaged or missing costume are not taken care of, you will not be able to participate in any other events until the issue is resolved.
 - For girls there may be times where you are asked to purchase matching accessories with the group... we limit the expenses not to be more than \$10, we don't force anyone but encourage it as it is a group effort.
 - All costumes after any event are due at the next class; in result of not returning the costume on time \$10 will be due for every class period time late.
 - **PERFORMANCES:** The performances we have throughout the year are optional, as that is an extra cost not associated with the dance classes.

- We encourage the students to perform at these events to show case their talent, face their fears of stage fright, motivation, encouragement and we teach them to enjoy their dance and not to worry about anything.
- No show is free, the organizers determine what ever the cost is for the show, our job is to teach the students choreography and prepare them to perform.
- Ultimately it is your choice.

ATTENDANCE POLICY

- **MISSED CLASSES:** If a student misses a class, there is no tuition refund, and no-make up class.
- Please try to notify the instructor prior to the class if the student will be absent. The instructor can choose to try to help students with generally high attendance rates, and those students who notify the instructor ahead of time, depending on the instructor's availability.
- If the student misses multiple classes, it can affect the rest of the class's ability to move forward with choreography. Therefore, he/she may be removed from any upcoming performances. This is at the discretion of the instructor.
- If a student is not performing for an event, he/she must still attend the class and learn the choreography and polishing with the rest of the class. The student may be asked to observe time to time but he/she will still get equal attention from the instructor to learn the choreography.

TARDINESS

- Students should arrive to class at least 5 minuets before class. If a student is tardy more than 15 minuets, he/she may be asked to observe. During water break the tardy

student can ask a classmate or the instructor to show what was missed.

- The instructor will not be expected to backtrack to catch up the tardy student. This decision is the discretion of the instructor.
- **CANCELLATION**
- If an Nritya instructor cancels a class, a make-up class will be scheduled upon the instructor and studio availability.
- If the student cannot attend the rescheduled class then they can learn from the class video and the teacher will try to make sure they catch up in next class.

AGE GROUPS

Generally, the age groups are as follows:

Ages 3-5

Ages 6-9

Ages 10-13

Ages 14-17 Advanced

18 + infinity Adults

- As we strive to improve the quality of our classes, we have created multiple batches within the age group so the students feel comfortable with their peers.
- Please do not make any special requests to the teacher on the positioning of your child for shows, or their advancement to another group. The child's age doesn't necessarily mean they will be able to cope up with the next level. The teachers are knowledgeable in their field of work so let the teacher's decide in the best interest of the student.
- While grouping the students to the similar age and experience/skill level, it will be up to the instructor on whether the student is ready for an advancement or to drop one level down.
- We encourage every student to take what he or she learns in class, and continue their practice at home throughout the week. Classes are once a week, for one hour, by the time next class comes around students may forget what they have learned in class if they don't practice at home.
- Practice makes perfect!
